Earlier this quarter the Outdoor Amusement Business Association Inc. PAC disclosed to our Report Analyst that the Committee had been carrying forward a discrepancy in their Cash On Hand due to a misunderstanding of our reporting requirement with regard to PAC monies held in an investment account. The PAC failed to report unrealized gains and losses held in a brokerage account. Today the PAC files this schedule showing the variance between our reported cash on hand and the actual value of each account for each year end period going back to when the reporting error began to occur. Additionally, we have amended the last calendar year's reports to reflect the correct change in value of assets held for investment for that period. If additional information is required to resolve this matter, please do not hesitate to reach out to us.
