This report also discloses the receipt for \$2722.50 from American Atheists that were supposed to be deposited into its account, but was deposited in GAPACAA in error.

All funds were backed out of the GAPACAA bank account in two checks.

The first was for \$3500.00 written on March 2, 2005 to American Atheists and the second check was for \$15000.00 written on June 7, 2005, for a total refund to American Atheists of \$18500.00 which is the amount of all deposits disclosed as mistakenly deposited into the GAPACAA bank account.

I understand that the committee needs to amend reports for the reporting periods of 2004 when these deposits were mistakenly made into the

committee's bank account. Please extend the deadline for finishing the amended FEC Reports for 2004 by seven days. I am requesting this extension due to problems pertaining to workload. Thank you very much for your understanding and cooperation in this matter.
