

ETEXT ATTACHMENT

[BeginText]

The reason why the \$21,335 reported on Line 1 of FEC Form 3Z-1 appears to be larger than the reported General election contributions is because it includes both itemized and unitemized contributions to the General election. The correct total of both itemized and unitemized General contributions reflected on Line 1 of 3Z-1 is \$21,335 and is correct.
