

The Trucking Political Action Committee Of The American Trucking Associations, Inc. (C00002881) filed amendments to its February, 2008, March, 2007, and March, 2006, monthly reports as a result of findings from a recently completed internal audit of the PAC. The audit revealed that the PAC received three \$5,000 contributions that -- at the time of their receipt -- the PAC had understood to be permissible funds, but the audit determined were from accounts maintained by S-Corps. In light of this newly discovered evidence, the PAC is now refunding the contributions pursuant to 11 C.F.R. 103.3(b)(2). The amended reports reflect the corporate source of the contributions; the refunds will appear on the PAC's next report.
