

Dear Ms. Winship,

Thank you for your assistance today regarding the FEC's bi-annual inquiry into political committees' administrative expenses, outstanding debts, in-kind contributions and connected organizations.

Please be advised that the National Action Committee (NACPAC) discloses all of its expenses, administrative or otherwise, on the periodic Reports filed with the Federal Election Commission. Administrative expenses are paid monthly to the law firm of Mark R. Vogel, P.A. covering, for example, office rent, secretarial, postage, xerox, long distance, office supplies, utilities, etc.

Please be further advised that the National Action Committee (NACPAC) pays all expenses as incurred, without exception, and thus there are no outstanding debts. Also, no expenses are paid by a connected organization, but rather, all expenses are paid exclusively by the National Action Committee (NACPAC).

Finally, please note that no in-kind contributions of goods or services have been received by the National Action Committee (NACPAC) but should same be received, they will be properly and timely reported and disclosed as such.

We trust the above responds to all issues requested by the Commission. However, please do not hesitate to contact us if you require any further information. Thank you again for your assistance.

Signed by: Mark R. Vogel, Chairman/Treasurer
