April 28, 2014

Responding to FEC RAD request for additional information dated April 23, 2014.

Due to issues of operating system incompatibility (Windows 8) in 2013, an incorrect data file was used to generate the April 2014 quarterly report for Conservative Principles PAC (C00428839) resulting in an incorrect starting balance. The report has been amended and refiled with help from tech support at the FEC.

Please note this amendment is filed well before the response due date of May 27, 2014.

Sincerely,  
Ann Trimble-Ray, treasurer  
Conservative Principles PAC  
Cell 712-660-1152
