Re: June Monthly Report (05/01/2012-05/31/2012)

FEC ID# C00099259

Dear Ms Miller:

In response to your letter dated September 18, 2012 requesting additional information:

1. An amended report has been filed to correct the running event year-to-date total calculations for the Administrative category.
2. An amended report has been filed to clarify the following descriptions on Schedule(s) B and H4: "campaign data services-GOTV" has been changed to "Voter ID Software Services" on Schedule B and "consulting" has been changed to "fundraising consulting" on Schedule H4.

The amended report also corrects the Admin ratio for the first 6 expenditures, dated 5/14/12, listed on Schedule H4. These expenditures were replacement checks for checks that were voided in December 2011 for original expenditures dated in 2008. The Admin ratio for 2008 was 28% federal and 72% nonfederal and this is the ratio that was used to report the checks as voided in Dec. 2011. The original June Monthly Report reflected an Admin ratio of 36% federal and 64% nonfederal for these replacement checks. The transfer from the nonfederal account for these expenses occurred on 6/11/12 and was \$568.33 less than it would have been had the 28%/72% Admin ratio been applied. There will be no adjusting transfer since it has been more than 60 days. It should also be noted that the checks dated 5/14/12 to Hialeah Fee Commons, LTD for \$4,012.50 and to Eric Hollander for \$235.86 were both replacement checks for checks that were voided in Dec. 2011. These original checks were dated in 2010 when the Admin ratio as 21% federal and 79% nonfederal, so that is the ratio that is used to report the nonfederal share for each of these checks. The transfer from the nonfederal account for these expenses was on 6/11/12.

Amended reports for all subsequent reporting periods will be filed to correctly report the YTD amounts.

Sincerely,

Abby F. Dupree, CPA
