

To Whom It May Concern:

Please find attached Drinker Biddle PAC's amended 2006 Second Quarter report. This report correctly reflects the PAC's cash on hand at the end of that reporting period (\$24,070.75). In the original report the PAC disclosed a \$1,000 contribution to the Leahy Green Mountain Victory Fund, but mistakenly reported it as a "memo" item. This action resulted in the contribution not counting towards the PAC's total disbursements during the applicable reporting period and thereby led to an inaccurate reporting of the PAC's cash on hand at the end of the reporting period (which was stated as \$25,070.75). This mistake has been rectified in the amended report.

Thank you.
