The Committee files this response to the request for additional information dated Aug. 19, 2018. The Committee did fail to timely file several last minute independent expenditure notices due to a miscommunication with a vendor. The Committee discovered its error and filed an amended last minute independent expenditure report to correct the error. The reports should have been filed on 5/24 and 5/27. The errors were discovered and the Committee reported on 5/30. These reports were less than a week late and were reported more than a week prior to Election Day. The Committee regrets its error, but notes that the public disclosure goals fo the Act were still met. The Committee corrected the miscommunication issue and has correctly reported all subsequent independent expenditures.
