Dear Treasurer:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. This notice requests information essential to full public disclosure of your federal election campaign finances. **Failure to adequately respond by the response date noted above could result in an audit or enforcement action.** Additional information is needed for the following item:

-Schedule B supporting Line 29 of your Detailed Summary Page discloses a disbursement for "Account Adjustment" totaling \$1,012.81. In memo text you state, "The account adjustment reflects the difference between our reconciled bank balance and the reported balance found in our voluntary internal audit. We have taken all possible steps to identify the source of the difference, however, we are unable to do so. This one time adjustment brings our records in line, and the Commission should note that we now have a new vendor in place and have established new banking procedures to avoid such discrepancies in the future. Please contact us with any further questions." Please provide any clarifying information as to the details of this disbursement and why this activity was not disclosed on the original report covering the period during which it took place.

**Please note, you will not receive an additional notice from the Commission on this matter.** Adequate responses must be received by the Commission on or before the due date noted above to be taken into consideration in determining whether audit action will be initiated. Failure to comply with the provisions of the Act may also result in an enforcement action against the committee. Any response submitted by your committee will be placed on the public record and will be considered by the Commission prior to

taking enforcement action. **Requests for extensions of time in which to respond will not be considered.**

Electronic filers must file amendments (to include statements, designations and reports) in an electronic format and must submit an amended report in its entirety, rather than just those portions of the report that are being amended.
