To whom it may concern:

The Missouri Farm Bureau Federation Federal PAC (MOFB PAC) is in receipt of the Commission's Request for Additional Information (RAI) dated December 4, 2022. Please see below for our complete response.

The RFAI questions the timeliness of submitted 24-hour reports for multiple independent expenditures. On July 21, 2022, the MOFB PAC submitted all necessary documentation for twelve independent expenditure transactions disseminated July 14th through the 19th. Further, when the MOFB PAC recognized there were tardy 'last minute' 24-hour filings we immediately sought guidance from the appropriate Campaign Finance Analyst to mitigate and rectify the filings. With direction from our Analyst, a full documentation of all independent expenditures was submitted in the 24-Hour Report of Independent Expenditures on July 21st.

The RFAI also calls into question two independent expenditures disseminated on July 23rd and reported on July 25th. MOFB PAC maintains that these expenditures were reported in a timely manner since neither transaction aggregated to \$1,000 or more for a specific election. Additional transactions were made and advertisements were disseminated on July 24th, and the expenses from July 23rd and 24th did trigger 24-hour reporting which was filed on July 25th.

Thank you for the opportunity to respond. Please contact us if you need any additional information.
