Re: RQ-5 October Monthly Report (9/1/01 - 9/30/01)

In response to your letter dated February 15, 2002 concerning the above referenced report, the Dynegy Political Action Committee states that its current software vendor does not have the option of aggregating monthly payroll deduction totals by employee and reporting the frequency. Rather, our current method of reporting shows each individual transaction for each pay period, and thus more than meets the reporting standard.

We appreciate the Federal Election Commission's suggestion in this RQ-5, which would have the effect of reducing the volume of entries reported, and the size of the report. Our software vendor is currently reviewing the possibility of incorporating the option to aggregate the payroll deduction entries.

If you have any questions or concerns, please call me at (713) 507-3964.

Sincerely,

Steven F. Dalhoff
Treasurer
