

## ETEXT ATTACHMENT

04/15/2002 10:15

This memo is in regards to your letter for report covering period 07/01/01 - 12/31/01. There were a few areas that you had concern about.

In regards to the contributions reported on Line 11(a)(ii), we have previously reported all contributions on this line to avoid any confusion. Our contributions come from our members at \$.50 per member per month. No one member will contribute more than \$6.00 in a year. The contributions that we transfer monthly are large, therefore we reported them on Line 11(a)(ii) and showed them as transfer from collecting agent. We have since changed reporting these contributions to be reported on Line 11(a)(i) since the transmission of this report.

The second item that you had concern with is the independent expenditures. We were unaware that when we filed our reports electronically that any paperwork needed to be submitted by mail. The independent expenditures will be signed, notarized and mailed today.

The last item of concern was the new FECFile Version 4. It was not until the beginning of the 2002 year that we were aware that we had to use this Version. We have installed and are currently using the FECFile Version 4 software.

If you have any further questions, please contact me. Thank you.
