Federal Election Commission

Re: Mississippi Republican Party
C00084368

Dear Mr. Morse:

This letter is in regard to our FEC report filed January 25, 2005. The report acceptance code is FEC-160513.

In this report we have offsets to operating expenses because we prepaid for the hotel rooms for the inauguration in D.C. and then let those who wanted to attend the inauguration pay the Party back for their hotel rooms.

Also, in this report we have several negative disbursements that were voiding old outstanding checks from the year. These checks were voided on the same schedules as previously reported.

Furthermore, we also have a refund of contribution to Providence Foundation for \$5000. They sent us the money from a PAC account and asked that we refund this money so that they could reissue us a check from an individual account.

Thanks,

Thomas B. Butchart, Treasurer
