RE: Amended 30 Day Post General Report (10/16/2014- 11/24/2014)

FED ID#: C00005561

Please be advised the committee has reported the contribution from the American Federation of Government Employees has a contribution to the committees federal account, as it is a federally permissible contribution. Please note the committee has contacted representatives at the American Federation of Government Employees to clarify their error in reporting the contribution to a non-federal committee.
