Reference: Amended April Quarterly Report (1-1-10--3-31-10)

Dear Mr. Butler,

In reply to your letter of July 28, 2010, regarding the issue of failing to report on a 48 hour notice, independent expenditures in the Florida Primary election for the United States Senate.

I now understand that the expenditures we made should have been regarded as one project instead of two separate projects. Therefore, I have filed the 48 hour notice that should have been filed withing 48 hours of 3-30-10.

With regard to the expenditures on Schedule B that were mentioned in your letter, no portion of those expenditures were for public communication or voter drive activity or express advocacy. Those expenditures were for generic fund raising activity.

I hope this adequately addresses the concerns in your letter.

Sincerely,

Randy Goodwin
