Response to FEC letter dated 2/4/05

re:"Amended September Monthly Report 8/1/04 - 8/31/04 received 11/16/04"

In response to the above referenced letter, please note the following issues:

1- Our Amended September Report 8/1/04-8/31/04 was filed 10/19/04 (not 11/16) and there does not appear to be any discrepancy in the Year-to-date totals

2- The only report that was filed on 11/16/04 was our amended August Monthly report (7/1/04 -7/31/04), and there does not appear to be any discrepancy in the year-to-date totals

3- We believe you perhaps meant to reference our Pre-General Report 10/1/04 - 10/13/04 (original report) filed on 10/21/04. There was indeed a \$100 discrepancy, due to a data-entry error. An amended report correcting the discrepancy was filed on 1/30/05 and the amended report appears to be correct, with no discrepancies.

If this is incorrect, please contact us with an amended request for information.
