After discussing this matter with Analyst Robin Kelly, Revitalize Arizona has determined that it submitted an FEC Form 1 unnecessarily. The only money that Revitalize Arizona will spend related to federal elections would be independent expenditures. Pursuant to 11 CFR 109.10(b), Revitalize Arizona has begun reporting such expenditures on Form 5 under committee ID C90014952.

Because Revitalize does not qualify as a political committee under FECA, not now nor at anytime in the last seven days, nor does it intend to in the future, and because it has another ID to be used with its future Form 5s, the committee asks that you cancel the Form 1 Revitalize Arizona unnecessarily submitted on July 23, and which the FEC processed today, July 30.
