REFERENCE:AMENDED YEAR-END REPORT (07/01/2011-12/31/2011), RECEIVED 07/07/2012

Dear Ms. Benitz:

In answer to paragraph 1 of the September 12, 2012 correspondence received from the Federal Election Commission regarding the above-mentioned report, as required by 2 U.S.C. sec. 434(b), our software is automatically generating in Column B for lines 11(a)(i) and 11(a)(ii) year to date contributions and considering as itemized contributions from each person (other than a political committee) who makes a contribution to the reporting committee during the reporting period, whose contribution or contributions have an aggregate amount or value in excess of \$200 within the calendar year, including \$2,400 in contributions that were made during the prior reporting period that did not require itemization in Schedule A at that time because the aggregate amounts through June 30, 2011 were not yet in excess of \$200, as is confirmed in that the sum of the figures in Column A, line 11(a)(i) for this and the prior report are \$2,400 less than the figure for that line in Column B of the above-mentioned report, and the sum of the figures in Column A, line 11(a)(ii) for this and the prior report are \$2,400 more than the figure for that line in Column B of the above-mentioned report.

In answer to paragraph 2 of the September 12, 2012 correspondence received from the Federal Election Commission regarding the above-mentioned report, there does not appear to be among the entries in Line 21(b) of Schedule B a receipt of a refund/rebate of an expenditure made during this or previous reporting periods.

Very truly yours,

Dwayne Douglas
Treasurer
