We are writing in response to your August 23, 2013 letter concerning the Committee's Amended Year-End Report which was filed on July 10, 2013, which asks the Committee to provide more information as to why we are disclosing a decrease in receipts totaling \$188,570.68 on Line 11(a)(ii) from those disclosed on our original report.

The decrease of \$188,570.68 in receipt activity from the amount disclosed on the original report is due to our correcting a receipt entry error made while preparing our original Year-End Report. The import error caused some of our PAC receipts to be dated as 11/30/12 receipts by mistake and these records were included on Line 11(a)(ii) of our original FEC Year-End Report. The data error was discovered in July and we immediately corrected our receipt records and prepared an Amended 30 Day Post-General Report and an Amended Year-End Report in order to properly disclose our PAC activity during each reporting period.

We hope this is an adequate response to your August 23, 2013 letter.
