In response to the FEC letter of June 28, 2012 (referencing April 2012 monthly report), this will confirm that all contributions listed on the referenced report, and others, were made by check and not cash. The "cash contribution" designation was used to distinguish the PAC's contributions from contributions of property. It is the PAC's practice never to receive or make contributions in cash in any amount, and copies of all checks have been retained to document and confirm that contributions were made pursuant to 11 CFR, section 110.4(c).
