

Due to the changes made in the FEC's online forms since our original Forms 9 were filed, the amendments filed for those reports yesterday inadvertently left the wrong box checked on lines 6 and 7. Even though EDAF is in fact a qualified non-profit corporation, we made these communications pursuant to the Commission's Wisconsin Right to Life regulations at 11 C.F.R 114.15. All the expenses incurred in the course of making these communications were made from EDAF's general treasury funds, and no donations have been made to EDAF for the purpose of funding electioneering communications.
