We received a Request for Additional Information regarding the first amendment of our 2011M2 report. The request brought up two issues, that certain conduit contributions were disclosed either as receipts on Schedule A or as disbursements on Schedule B but not on both schedules, and that among our contributors were individuals with foreign addresses who may be foreign nationals.

In response to the first issue, we have filed an amendment to the 2011M2 report with all conduit contributions properly disclosed on both Schedule A and Schedule B.

In response to the second issue, all contributors to ActBlue agree, at the time of their contribution, that they are United States citizens or permanent resident aliens.
