RE: Amended 12 Day Pre-General Report (10/01/2012-10/17/2012) dated 2/4/2013.

Dear Ms Eger,

Regarding the increase in disbursements identified in item 1, two items that were left off the original report (\$44,657.52 to Majority Strategies and \$1,412.11 to David Sorenson) were added in the first amendment filed prior to the election on 11/3/2012 as soon as this administrative error was detected upon reconciling the October bank statements. Upon further examination, this disbursement to David Sorenson was found to have been incorrectly added which was due to a mistake in the spelling of his last name. The \$290 disbursement to ABC Signs was an administrative oversight on hand written checks that was corrected in the amendment dated 12/5/2012 as was the \$2500 contribution to the Raye for Congress committee.

The Target State Victory Fund has been added to the Committees Form 1 as a joint fundraising representative and an amendment filed on March 21, 2013.

The characterization of the disbursement for polling? has been changed to FEA. No allocation transfers were made that would have included this disbursement.

Please contact me with any additional questions.

Sincerely,

Ben Lombard
Treasurer
