

Filing a response to the FEC letter dated September 10, 2010. The letter states the beginning balance should equal the ending balance of our July 2010 report and that the totals on lines 7, 29, 31, and 32 appear to be incorrect. We amended the report on August 18, 2010 but inadvertently forgot to upload it. We have uploaded the amended report (filed under FEC-495028) as of today's date and all totals should be in agreement.
