On 7.12.2015 the Democratic Party of Wisconsin received a Request for Additional Information from the Commission. We were asked to address two issues.

First - to transfer back the non-federal portion of the funds into our state account from two refunds: AT&T and Charter Communications. The non-federal portion totaling \$1170.43 will be transferred back on our next monthly report.

Second to address an issue with our transfers to our non federal account. While they are over the year to date figures, several of the January transfers were based off of expenditures in late November and December of 2014 - within the 60 day time frame. However, because we do not want the appearance of an incorrect report, we will transfer back the \$79,229.45 in our next report.
