In response to your letter on August 3, 2015, the 21st Century Majority on June 15, 2015, the Committee notified the Commission that four disbursements had been inadvertently omitted from the Committee's April 20, 2015 monthly report. Those omissions were subsequently remedied by the Committee through the filing of an amended report. To the best of the Committee's knowledge, all Committee disclosures are now accurate.
