To Whom It May Concern:

This is to confirm that I am in receipt of two letters from the Reports Analysis Division dated August 13, 2020 regarding errors in our pre-primary report and our July quarterly report. I have discussed these errors with Campaign Finance Analyst Brian Wetzel. I have a clear understanding of what led to these reporting deadline mistakes. I have put into place new processes in order to ensure future 24 hour and 48 hour reports are filed in a timely fashion.

Please let me know if anything further is needed to address this issue. I appreciate Mr. Wetzel's time and attention to helping me clarify my understanding.

Thank you,  
Heather Mahoney  
Treasurer
