Federal Election Commission

Dear Ms. Cavano,

This letter is in response to the Commission's request for additional information in reference to our committee's 2012 October Quarterly Report.

The contributions from unregistered committees that this committee received were from permissible funds collected by the unregistered committees. Our committee has taken steps to reasonable verify that these funds are in fact permissible. We first obtain either verbal or written verification that the contribution's source is permissible, and then we review the contributing committee's most recent state campaign finance disclosures to determine validity of their statement.

Although the responsibility that the source of these contributions is permissible falls with the unregistered committees, we feel that it is our responsibility to make a reasonable attempt to validate the claim. After reviewing the public information that was available to us, we are comfortable with the statements made by these contributors.

In regards to the excessive portion of the contribution from the Nigerian American Public Affairs Committee, this committee has redesignated \$2,500 to the run-off election. This transaction will be disclosed on the 2012 Year End report.

If the Commission requires further information, please do not hesitate to contact our committee.

Thank You,

Gloria B. Tinubu
