

In response to your inquiry letter dated April 29, 2011, I wish to clarify confusion re: contributions made by Making Business Excel PAC. On 6/29/2006, The Making Business Excel PAC made a contribution to the Raese for Senate campaign for it's 2006 General campaign against Senator Robert Byrd. On October 18, 2010, Making Business Excel PAC made a contribution to the Raese for Senate's 2010 general campaign for the open seat in WV following the death of Senator Byrd. These were two separate campaigns and I have researched this information to validate that. Therefore, no contribution limits were exceeded by Making Business Excel PAC. If you need any further clarification on these 2 separate contributions, please let me know and I will provide further information. I hope this explanation resolves your inquiry. Thanks you, S. Danielle Davis Enzi, Treasurer
