It has come to our attention that there may be some confusion regarding the affiliation status of the Motorola Mobility LLC Political Action Committee (the Committee). On January 7, 2011, the Committee filed an amended Statement of Organization indicating that the Committee was no longer affiliated with the Motorola, Inc. Political Action Committee which is now called the Motorola Solutions Inc. Political Action Committee as of January 1, 2011. Please also note on May 30, 2012, the Committee filed an amended Statement of Organization indicating that it had become affiliated with the Google Inc. NetPAC as of May 22, 2012.
