Today, The 60 Plus Association, Inc. filed an amended Form 5 (FEC ID FEC-924155) which modifies a Form 5 filed on May 4, 2014. As initially, and correctly, reported on May 4, The 60 Plus Association disbursed \$240,000 to Mentzer Media in connection with a certain television advertisement. Subsequently, The 60 Plus Association determined to reduce this advertising buy from the original \$240,000 to \$145,450. The amended filing today reports this revised figure.

The remaining \$94,550 was not refunded by the vendor, but was applied toward a different television advertisement, the distribution of which is reflected in 60 Plus's most recent Form 5 filing bearing the FEC ID FEC-924163.

The 60 Plus Association wishes to make clear that its initially filed Form 5 correctly reported the amount and purpose of the funds disbursed. The amended filing reflects only a subsequent re-allocation of those same Funds to an advertisement that was disseminated/distributed on May 8, 2014.
