This is in response to our 2018 Year-end Report for ID C00405555. On June 24, 2019 we refunded the \$5,000 Excessive Contribution received from Unifi, Inc Political Action Committee and will report the refund when filing our July 2019 FEC report. There was no intent on the part of Unifi PAC to commit the excessive payment. Unifi Inc PAC writes their contribution checks to us late December 2017 and late December 2018, but the we created the excessive contribution issue by the way the receipts processed on our end.

We apologize for this incorrect action. Please let us know if we need to do anything additionally.
