Good Afternoon Julie,

Per our discussions earlier today, I am writing you in response to a letter from your office dated June 11, 2008, stating that our PAC made contributions to a candidate, The Richard Burr Committee, in excess of the \$5,000.00 per election maximum.

It is true that we made two separate contributions of \$5,000 each, one on 04/02/07 and one on 03/12/08, which total \$10,000.00. When we wrote the checks, we only identified them as "Campaign Contribution". However, when The Richard Burr Committee received the contributions, they earmarked the first contribution for the 2010 Primary election, and the second one for the 2010 General election.

Upon filing our original FORM 3Xs, we identified both disbursements as being for the 2008 General Election. This was incorrect. We are now correcting our reports and indicating the correct election period for which they are attributable, as reported by The Richard Burr Committee.

If you have any questions, please call me at 847-849-4462.

Thanks,

Mark Pasbrig
