This Committee responds to the June 29, 2016 RFAI, with response due August 3, 2016, as follows: The increase in expenditures on the amended report was the result of adding line 22 transfers to an affiliated committee. During the startup process for the affiliated committee, there were a number of both internal transfers and transfers to the affiliated committee. The items at issue here were initially thought to be non-reportable internal transfers between Committee accounts, and were therefore excluded from the report.
