Reference: 30 Day Post-General Report (10/19/00-11/27/00)

Dear Mr. Forsythe:

On March 13, 2001, you were notified that a review of the above-referenced report(s) raised questions as to specific contributions and/or expenditures, and the reporting of certain information required by the Federal Election Campaign Act.

Your March 19, 2001, response is incomplete because you have not provided all the requested information. For this response to be considered adequate, the following information is still required.

-Your response states that the mathematical discrepancies on Lines 21(a)(i) and 21(a)(ii), Column B occurred as result of a change in your allocation ratios during the 30 Day Post-General Reporting Period and that applying the adjusted ratio to previous reports, your current Column B totals are correct. Please be advised that you should amend any necessary reports to reflect adjusted line totals. Furthermore, you still need to correct Lines 21(a)(i), 21(a)(ii) and 31, Column B of the Detailed Summary Page. You should add the "Calendar Year-to-Date" total from your previous report to the current "Total This Period" figure from Column A to derive the correct Column B totals. Please amend this report and any subsequent reports that may be affected by this correction.

An adequate response must be received at the Commission by April 25, 2001. Adequate responses received on or before this date will be taken into consideration in determining whether audit action will be initiated. Requests for extensions of time in which to respond will not be considered. Failure to provide an adequate response by

this date may result in an audit of the committee. Failure to comply with the provisions of the Act may also result in an enforcement action against the committee. Any response submitted by your committee will be placed on the public record and will be considered by the Commission prior to taking enforcement action.

If you should have any questions related to this matter, please contact Scott Walker on our toll-free number (800) 424-9530 (at the prompt press 1, then press 2 to reach the Reports Analysis Division) or our local number (202) 694-1130.
