Today we filed amendments to the following FEC Reports for the FMC Technologies Employee PAC: Year End Report 2003, Amended May Monthly Report 04, Amended June Monthly Report 04, Amended July Monthly Report 04, Amended August Monthly Report 04, Amended September Monthly Report 04, October Monthly Report 04 and the Amended Year End Report 04 per a series of letters received from Ms. Karen Trainer. We adjusted and updated our membership database to include employer and occupation for all members. This information should now be included in each report for those individuals contributing in excess of \$200. Further, there was a mistake in the Cash on Hand balance that appeared in the May 04 Report that was corrected. This caused adjustments to the Cash on Hand numbers for the reports from that point forward. Disbursement entries for Martinez for Senate, Citizens for Arlen Specter, Gene Taylor for Congress and Murtha for Congress were mistakenly entered in the October Monthly Report as disbursed for Primary 2004. They were intended to be applied to the General 2004, the error was corrected in the report and they are now all correctly identified as being disbursed for the General 2004 cycle. The Amended Year End Report 04 totals were skewed as the Calendar Year to Date number was incorrectly entered in the file, as was the beginning Cash on Hand amount. Corrections were made in the entries to match the previous months report. I apologize for the delay in responding, however, Mr. Meyer never received any of the letters sent, and we were thus unaware of the problems.
