RE: March Monthly Report (02/01/08 - 02/29/08)

Dear Mr. Buckley:

This submission is in response to your notice of review concerning the above referenced report.

The Committee filed a 24-hour notice on Monday, February 11, 2008 for a phone bank. The phoning began on February 7, 2008. This expenditure was subsequently disclosed on the March 20, 2008 Monthly Report. During the period of this independent expenditure campaign the Committee was in the midst of a staffing change in administrative support personnel.

The Committee recognizes that the report was not timely filed. In response new administrative staff is in place and the Committee has conducted a compliance review with staff concerning contributions and independent expenditures. The Committee has improved internal communications and controls and in preparation for the fall general election campaign, is implementing enhanced oversight processes to ensure that reportable expenditures are captured, tracked and reported timely.

Sincerely,  
David Wilmot  
Treasurer
