This letter is in response to your letter dated June 17, 2008. You noted that 2 election cycle to date totals did not match up to what you had calculated. As per our conversation, I explained that on 6/11/07 Golden Horizons PAC had given \$1000. Golden Horizons and Beverly Enterprises PAC have the same committee id number, so they were combined in our database and therefore the \$1500 election cycle to date total is correct. On our July quarterly report from 2007, we did not have the committee id for Golden Horizons PAC listed and this is why your cycle total is different.

Additionally, the Int'l Brotherhood of Electrical Workers PAC has given the committee a total of \$10,000 this cycle, but you calculated only \$5000. They had given us \$5000 on 4/9/07, but as we had not listed the committee id on that report, you could not accurately calculate the cycle to date total.

Going forward we will have all committee id numbers for each committee.
