[BeginText]

The following is our committee s response regarding the request for additional information (RFAI) from Kaitlin Eger dated January 30, 2009 regarding our October Quarterly Report (7/1/08 - 9/30/08).

Your letter states that said report disclosed no payment for administrative expenses for the purposes of operating a political committee. Please be advised that South Dakota First is a small committee that has few administrative expenses. Going forward, the committee will continue to track and appropriately report its administrative expenses.

I trust this information satisfies your request. However, feel free to contact our committee should there be anything further you require.
