JULY MONTHLY (6/01/04-6/30/04)

Dear Ms. Senger,

In regard to Schedule A Line 15, these offsets represent reimbursements from the Bush Cheney-04 Committee at fair market value for rent. Bush-Cheney 04 was assessed the usual and normal charge and the committee was reimbursed accordingly. In order to determine the rental rates, the committee contacted realtors in the local area to obtain fair market value of the office space for rent.

In regards to the apparent \$4330.50 contribution from Show Biz Productions, that item does not appear on our Schedule A in that amount. We do show a contribution listed in the amount of 497.50 from Show Biz Productions Inc.

The \$497.50 check from Show Biz Productions that was reported on Schedule A was not a contribution. It was the manner in which the committee reported a voided check for a payment that was made to Show Biz Productions in a previous month. We have moved the voided check to appear as a negative disbursement on Schedule B.

Regarding the Schedule B matter, where additional clarification was requested for the description, Bush signs/collaterals, the collaterals in question are Bush Cheney bumper stickers.

We believe we have addressed the points you have raised in your letter dated February 18, 2005.

Sincerely,

Fred Arjani
