Reference: 12 Day Pre-Primary Report (4/1/06-6/28/06)

To Whom It May Concern:

We are in receipt of the Commission's above referenced letter. Please see below for our complete response.

Our committee does meet the tenants of the best efforts established by the Commission. All of our solicitations contain the appropriate disclaimers and a request for the contributor's employer occupation information. We do make a follow up within 30 days that does not contain an additional solicitation and contains a SASE. This follow up reminds the donor that we are required by Federal law to request this information. Finally, we immediately add any new information that we receive into our database for future reporting. Please see below for the employer occupation information we have received since the Pre Primary report.
