

This memo is in response to FEC inquiry on October 24, 2006 regarding 3 48-Hour notices.

\$1000 contributions from Domingo Moreira and the National Rifle Association PAC were received on 08/17/06 and reported on 08/18/06. However, due to human error, these contributions were recorded with a receipt date of 08/08/06 for Moreira and 08/02/06 for NRA PAC. These dates reflect the dates on the checks and not the dates received by the Friends of Connie Mack campaign. These contributions while originally reported as a 48 hour report (and within 24 hours of their receipt) were also reported in the 12 day pre-primary report which was submitted to the FEC on 08/25/06. An amended 12 day pre-primary report will be submitted without these contributions. Further, an October Quarterly amendment will be filed and these contributions will be reflected according to the date they were received and disclosed in the 48-Hour report.

\$1000 was received from Chris Sullivan on 08/17/06. The check was dated 08/07/06. This contribution was reported in a 48-Hour report on 08/18/06. However, it came to the attention of the campaign committee that this was in excess of the contribution limit and action was taken to return part of this contribution to Mr. Sullivan. Therefore, only \$200 of the \$1000 was reported on an amended pre-primary report but the remaining \$800 refund was inadvertently never disclosed. An amended 12 day pre-primary report will be submitted without Mr. Sullivan's \$200 contribution. Further, an October Quarterly amendment will be filed and Mr. Sullivan's contribution and refund will be reflected according to the date they were received and disclosed in the 48-Hour report.

Thank you for your attention to this matter.
