This Miscellaneous Electronic Submission references the Commission's October 9, 2002 letter regarding the September Monthly FEG Form 3X filing of the American Society of Interventional Pain Physicians Political Action Committee (ASIPP PAC).

The Commission's inquiry refers to two contributions by ASIPP PAC to the McConnell Senate Committee: \$3,000 reported on 8/30/2000 and \$5,000 reported on 8/20/2002. Both contributions were designated as "General" contributions. The \$3,000 contribution on 8/30/2000 was erroneously designated on ASIPP PAC's report as "General". An amendment will be filed disclosing the contribution as "Primary".

In its inquiry the Commission also referenced a \$2,500 contribution to Northup for Congress dated 8/20/2002. Due to a bookkeeping error the contribution was designated as "Primary". An amendment has been filed designating the contribution as "General".

Thank you for your assistance in resolving these clerical errors.
