

This is in response to the letter dated 10/20/10 referencing the Amended August Monthly Report (7/1/10-7/31/10):

- Regarding the in-kind contributions reported by the 9/20/10 amendment, the letter received regarding these in-kind contributions were mis-filed internally. Once this error was discovered, the August monthly report was amended immediately to reflect the in-kind. New procedures have been put into place within our committee to prevent this from happening again.

- Most of the employer/occupation information missing from the original filing of this report has been included in the most recent amendment. Employer/Occupation information for Mary Helen Arett, Kevin Audette & Paul Jones is still incomplete but we continue to use best efforts to collect information for these individuals. If further information is received it will be included in the next regularly scheduled report.

- The payment made for 'Polling Retainer' was for voter identification purposes and, as such, has been amended to appear on Line 30(b).
