Please note that the PAC is aware that we follow an alternate method of itemizing payroll receipts rather than the suggested manner of disclosing a single total for the reporting period along with the amount deducted per pay period. Because the amounts collected per pay period may change often during the time covered by a single report, we find that reporting individual deductions separately more accurately discloses how the receipts are collected.

The HSBC North America Political Action Committee (H-PAC) recently conducted a review of its financial activities for the past several years. During the review several minor discrepancies were discovered. This audit was brought to the attention of the PAC's FEC reports analyst who agreed that the PAC could make a single reconciling entry to address the past discrepancies. Specifically, the balance on the PAC's FEC report is \$4,074.40 more than the balance in the PAC's bank account. To reconcile the PAC's FEC balance with its bank balance, therefore, an accounting adjustment in the amount of negative \$4,074.40 is included in this report.
