Re: Amended Mid-Year Report (01/01/2001-06/30/2001), dated 01/30/2002

This letter is in response to your review of our report referenced above, which raised questions about certain information and activity within the report.

We are aware that there is a discrepancy between the beginning cash balance of this report and the ending balance of the 2000 Year End Report. However, we are confident that the 2001 Mid Year Report as amended is accurate. We are working to resolve errors in the 2000 Year End Report and will amend it and other reports as appropriate as soon as possible. Our efforts to resolve this situation have been delayed by the following factors: 1) None of the current state party staff were employed during the year 2000 and therefore have no direct knowledge of the financial activity covered by the reports in question. 2) We have had difficulty locating certain bank statements pertaining to this report and are waiting to receive additional copies from our bank. This research will require an additional 1-2 weeks to be completed. Please contact us at (302) 996-9458 if you require further information.
