Here is what we have done regarding FEC letter dated October 6, 2014:

We have requested refunds (10/14/2014) from the eleven campaigns that are listed in the FEC letter.

We have received nine refund checks and have deposited them in our bank account as of October 31, 2014. They will be recognized in our 12/31/2014 FEC report.

In the case of the Cantor for Congress campaign, they have informed us to re-designate the contribution to "debt retirement". We have re-designated that contribution.

We are making a second solicitation of a refund from the Dold for Congress campaign to bring our campaign into reporting compliance. We expect that refund within two weeks of this writing.

We have updated all disbursements to federal candidate committees to include the state, office sought, and district.

We are amending our report of 6/30/2014 today to adopt the above activities.
