Re: April 20th Monthly Report (3/1/04 - 3/31/04)
Pending Amendment

Kristin:

This brief memo is in relation to your letter dated May 12th in which you have identified several (4) of our PAC disbursements that require allocation. Per our discussion, we plan to accomplish this through the appropriate memo entries in our next Monthly Report (June 20th Monthly Report). The disbursements in question will be allocated to the General election cycle.

There is one other disbursement - Simpson for Congress dated 3/31/04 - which we will be reallocating as well. It will now be for the Primary instead of the General election. This check was issued and received prior to the May 25th Idaho Primary.

Thanks again for your patience and support.
