01/31/2005 14 : 38

In the quarterly report of the American Psychiatric Association Political Action Committee ( APA PAC ) dated April 15, 2004, we mistakenly itemized certain contributions which were not made to the APA PAC (nor deposited in its account), but to another, unrelated fund at the APA. Accordingly, the amended reports filed on January 31, 2005 reflect the deletion of those contributions.

Additionally, in the course of a recent review of APA PAC matters, we discovered two occasions upon which funds were erroneously deposited in the APA PAC account. Those funds, however, were not contributions to the APA PAC, were not reported as such in any FEC filing (and thus do not require additional amended reports), and were not spent out of the APA PAC account for any purpose. Upon this discovery, we promptly transferred the funds from the APA PAC account to the accounts in which they belong, and have taken appropriate corrective actions. We simply wish to inform you of these incidents
